HAI ENTREPRENEURSHIP HUB

HAI ENTREPRENEURSHIP HUB ensures acceleration of project/business venture by adapting the business psychology of the project's / organisation's leader so that it has a long-lasting impact on the well-being of the human/person, the business/activity, society/community.

There will be a series of educational trainings based on the Living System principles.

ESSENTIAL PRINCIPLES

#1

Projects with a long-term positive impact on the integral well-being of a person, a business, and society.

#2

Essential characteristics of a living organization are to be adaptable and renewable as the context changes.

Education based on the living system principles.

#4

The personality and strong thinking of a leader is one of the most important constituents for the successful outcome of the project.

#5

Investors foundation as a point of power of the ecosystem.

FUTURE GOAL

new meaningful businesses.

EDUCATION BASED ON LIVING SYSTEM PRINCIPLES

During 15 years of education HAI Institute has tested, researched, improved, and framed the principles of living system learning.

Milestones of the cycles, knowledge facilitators and dates are the only elements that are stable in the cycle whereas its content, practices, mentors, tests, various methods or activities will be tailored to meet the needs of the people in the group.

One of the most important changes is the business psychology component. Integration into the changed environment is possible only through self-actualization, self-realization, body intelligence integration with mind methodologies that ensure a living process and networking, which performs the function of an ecosystem catalyst.

MANIFESTO

#1

Each participant in the process will take away something new.

#2

Spontaneity born from feeling (it is by no means accidental or automatic).

#6

The living process is in synergy and conflicts except for with the past.

#7

The living process gives birth to a desire to act.

#3

New meanings are born in the living process being the source of qualitative changes.

#8

There are no clearly expressed emotions in the living process.

#4

There is a clear sense of meaning even if it isn't named. **#5**

There is a unique beauty and interest.

#9

There are no mistakes in the living process.

#10

Living teaching and real knowledge are synonyms.

VALUES & FIELDS OF POSSIBILITIES

#1

Expand and change your mindset.

#2

Develop an idea into a project and gain knowledge from a real project.

Increase opportunities for your project by exploring it in 360 view.

#6

Gain new entrepreneurship skill of integration of the principles of living system in organization.

#7
